

6 Key Strategizing Steps

Select Your Project

Decide which priority your proposed project or projects will address.

6

SELECT

Prioritize

Organize the list of challenges, gaps and areas of improvement that have been identified.

4

PRIORITIZE

Analyze the Functionality of Services and Practices

Are the individuals, organizations and systems working in a manner that brings about effective results?

2

ANALYZE

UNDERSTAND

1

Understand the Current Response

Know the key players and how they work together.

IDENTIFY

3

Identify Challenges and Gaps
Consolidate the information that has been gathered and develop a list of gaps, challenges and areas for improvement.

SYNCHRONIZE

5

Synchronize
Align the developed priority list to TAD's grant program purpose areas and allowable grant supported activities.
