

**12:00 - 1:45pm**

**Afternoon Programming**

**Fireside Chat with the Munitions Response PM**  
*Embassy* 1:00-1:30 PM

**Addressing Emerging Chemical and Material Risks for DoW**  
*Monroe and Lincoln* 1:45-4:45 PM

**Commercial-Scale Destruction of PFAS-Impacted Waste Streams and AFFF**  
*International Ballroom East* 1:45-4:45 PM

**Innovation Station - Catapult Extended Reality Tactical Training: A Cutting-Edge Solution for Fire and Emergency Preparedness**  
*Columbia* 2:00-2:30 PM

**Guided Poster Tour - Energy and Water**  
*Columbia (meet at SERDP & ESTCP booth)* 2:30-3:00 PM

**Innovation Station - Transferring Capability for Microgrids and Resilience in Military Installations**  
*Columbia* 3:00-3:30 PM

**Guided Poster Tour - Testing UXO Detection, Classification, and Localization Technologies at ESTCP Testbeds**  
*Columbia (meet at SERDP & ESTCP booth)* 3:30-4:00 PM

**Innovation Station - Demonstration of Highly Integrated Autonomous ROV-based 3DEM for Underwater Advanced Geophysical Classification (APEX)**  
*Columbia* 4:00-4:30 PM

**Guided Poster Tours - Arctic: Environmental Information for Infrastructure Planning and Mission Support, Coastal Resilience, Fuels & Fire Tools, Invasive Species/Threatened & Endangered Species in the Pacific Islands**  
*Columbia (meet at SERDP & ESTCP booth)* 4:30-5:00 PM

**Evening Programming**

**Student & Post-Doctoral Associates Meetup**  
*Fairchild* 5:00 - 6:00pm

**Military Academy Meetup**  
*Gunston* 5:00 - 6:00pm

**Poster Reception, Technology Demonstrations, & Exhibits**  
*Columbia & International Terrace* 5:00 - 7:00pm

**Wednesday, March 4**

**Breakfast** *International Ballroom*  
**7:00 - 8:00 AM**

**Morning Spotlight: Accelerated Tech Transfer Panel**  
*International Ballroom* 8:00 - 8:45 AM

**Meet the OE-I Director: Aligning with the FY27 Vision for Operational Energy (one-on-one meetings)**  
*Albright* 9:00 AM - 5:00 PM

**Morning Technical Sessions**

**9:00am - 12:00pm**  
**PFAS Ecological Risk Assessment: Advanced Approaches for Strategic Site Management**  
*Jefferson*

**Information**

**Workshop Registration, Check-in, and Information**  
*Terrace Foyer*

MONDAY	4:00pm - 7:00pm
TUESDAY	7:00am - 5:00pm
WEDNESDAY	7:00am - 5:00pm
THURSDAY	7:00am - 2:00pm

**Monday, March 2**

**Setting Our Priorities: SERDP & ESTCP Leadership Insights and Strategic Direction**

*Columbia* 5:00 - 5:30 PM

**Poster Reception, Technology Demonstrations & Exhibits**  
*Columbia & International Terrace* 5:00 - 7:00 PM

**Tuesday, March 3**

**Breakfast** *Columbia & International Terrace*  
**8:00 - 9:00 AM**

**Welcome and Opening Remarks**  
*Columbia* 8:30 - 8:45 AM

**SERDP & ESTCP Funding Opportunities and Transition Strategies**  
*International Ballroom East* 9:00 - 10:00 AM

**Meet the OE-I Director: Aligning with the FY27 Vision for Operational Energy (one-on-one meetings)**  
*Albright* 9:00 AM - 5:00 PM

**Morning Programming**

**Fireside Chat with the Weapons Systems & Platforms PM**  
*Embassy* 10:00-10:30 AM

**Innovation Station - Green Remediation of PFAS in Soil and Water**  
*Columbia* 10:00-10:30 AM

**Guidance and Tips for Preparing Pre-Proposals and Proposals**  
*International Ballroom East* 10:15-11:45 AM

**Fireside Chat with the Resource Conservation & Resilience PM**  
*Embassy* 10:30-11:00 AM

**Guided Poster Tour - Energetics**  
*Columbia (meet at SERDP & ESTCP booth)* 10:30-11:00 AM

**Fireside Chat with the Natural Hazards Adaptation PM**  
*Embassy* 11:00-11:30 AM

**Fireside Chat with the Environmental Restoration PM**  
*DuPont* 11:00-11:30 AM

**Innovation Station - Integrating Deactivation and Recycling of Spent Lithium-Ion Batteries Using Low-Temperature Chloroaluminate Molten Salts**  
*Columbia* 11:00-11:30 AM

**Fireside Chat with the Installation Energy & Water PM**  
*Embassy* 11:30 AM - 12:00 PM

Critical Minerals: Mining, Refining, and Recycling Critical Minerals for Supply Chain Resilience

Monroe

From Innovation to Tech Transition: Accelerating DoW Adoption of Energy and Water Solutions

Georgetown

Advanced Technology for Managing Wildland Fire on DoW Installations

Lincoln East

Riding the Wave: A Collaborative Coastal Network

Lincoln West

Leveraging Munitions Response Technologies in Broader DoW Applications

Cabinet

### Lunch, Posters, Technology Demonstrations & Exhibits

Columbia & International Terrace & International Ballroom

12:00 - 1:45pm

#### Afternoon Sessions

1:45pm - 4:45pm

PFAS-Impacted Concrete and Asphalt at DoW sites

Jefferson

Advancing Fluorine-Free Firefighting Foams for Shipboard Use

Monroe

Bridging the Valley of Death: Pathways and Strategies for Accelerating Conservation Technology Adoption on DoW Lands

Lincoln West

Cybersecurity Resilience Assessments and Advancements on DoW Installations

Georgetown

DoW Installation Resilience Program — Risk-Informed Decision-Making **\*(CAC required)**

Lincoln East

Investigation, Decision-Making, and Quality in Munitions Response - Transition to the Underwater Environment (Part 1)

Cabinet

#### Evening Programming

Poster Reception, Technology Demonstrations, & Exhibits

Columbia & International Terrace

5:00 - 7:00 PM

New Principal Investigators Meetup

Fairchild

5:00 - 6:00 PM

## Thursday, March 5

#### Breakfast

International Ballroom

7:00 - 8:00am

#### Morning Spotlight: Warfighter Perspectives on Operational Energy Requirements

International Ballroom

8:00 - 8:45 AM

#### Morning Sessions

9:00 AM - 12:00 PM

Innovation Showcase: Emerging Technologies and Implementation Pathways

International Ballroom West

Combatting Corrosion: Advanced Systems Approaches for Military Readiness

Lincoln East

Beyond Installation Boundaries: Strategic Investment and Utility Engagement for DoW Energy Resilience Amid Wildfire and Grid Risks

Lincoln West

Management of Stormwater at Military Installations

Jefferson

Next-Generation Energy Integration: Pioneering Thermal Energy Networks for DoW Installations

Georgetown

Investigation, Decision-Making, and Quality in Munitions Response - Transition to the Underwater Environment (Part 2)

Gunston and Fairchild

Warfighter Panel Follow-Up

International Ballroom East & Center

9:00 - 10:00 AM

Vision for Warfighter Support to Operational Energy-Innovation Projects

International Ballroom East & Center

10:00 - 10:45 AM

Transition Maturity Framework (TMaF) and Warfighter Readiness Level (WRL)

International Ballroom East & Center

10:45 - 11:15 AM

FORC-EE

International Ballroom East & Center

11:15 AM - 12:00 PM

### Lunch, Posters, Technology Demonstrations & Exhibits

Columbia & International Terrace

12:00 - 1:45pm

#### Afternoon Sessions

1:45 - 4:45pm

Innovations in Soil and Sediment-Based PFAS Treatment

Jefferson

Joint Service Protection: Next-Generation Coatings Strategy Across Defense Domains

Lincoln East

Arctic and Sub-Arctic Remote Sensing Applications

Georgetown

Innovative Conservation Technologies: AI, VR, and Robotics Demonstrations

Lincoln West

Investigation, Decision-Making, and Quality in Munitions Response - Transition to the Underwater Environment (Part 3)

Gunston

Demand Signal from the Edge **\*(CAC required)**

International Ballroom West

1:45 - 2:45 PM

Exercise Opportunities

International Ballroom West

2:45 - 3:30 PM

Collecting Warfighter Feedback

International Ballroom West

3:45 - 4:15 PM

Best Practices for Your Project with OE-I

International Ballroom West

4:15 - 4:45 PM

#### Shaping Our Priorities: Workshop Insights and Path Forward

Northwest, Morgan, and Kalorama

5:00 - 7:00 PM
