# About the Investment Summit

The SelectUSA Investment Summit is the top event in the United States for FDI promotion, connecting investors, companies, economic development organizations, and industry experts to advance opportunities available through U.S. investment.

SelectUSA promotes and facilitates business investment by working with companies wanting to establish U.S. operations and connecting them with partner U.S. economic development organizations seeking to attract investment.

The SelectUSA Investment Summit is the premier venue for international investors of all sizes to find the right place, people, resources, and market they need to be successful in the United States.

Recognizing that the competitiveness and job generating ability of a nation is determined by its desirability as a place for businesses to operate, SelectUSA was created at the federal level to showcase the United States as the world's top location for foreign investment and to provide easy access to federal-level programs and services related to business investment.

**“SelectUSA is a one-of-a-kind event. It should be attended by every state EDO. It’s an ideal way to maintain current relationships and develop new ones.”**
