BEYOND TALK:
BUILDING
TOMORROW
TOGETHER

THURSDAY
OCTOBER 14
12-4 PM ET

SPONSORSHIP BENEFITS

We've all been part of urgent and growing discussions about the power of social and emotional learning (SEL) this past year.

Across our communities, these conversations have led to innovative teaching strategies, new ways to support staff, stronger relationships with students and families, and deeper understandings of what it means to create a more just and democratic society.

We must keep moving beyond talk. We can harness SEL and civic learning to empower youth and make space for all voices. As we emerge from this extraordinary time, we can work together toward solutions for equitable communities and schools.

Join us in building a better tomorrow together at the 2021 Social and Emotional Learning Exchange Virtual Summit.”

SEL and Civic
Learning for
Empowered
Youth

What does it mean for students to be ready for civic life? It requires more than teaching history and democracy.

The *2021 SEL Exchange Virtual Summit* provides an opportunity for attendees to explore how traditional civic education integrated with SEL can empower young people to collaborate, empathize, and lead.

Preparing students for civic life involves collaboration among practitioners, scholars, and policymakers.

The SEL community can lead the way.
