## ANNOUNCEMENTS

### Transition to SAM Unique Entity Identifier

On April 4, 2022, the federal government will stop using DUNS numbers and start using new Unique Entity Identifiers (UEI) as the primary means of identifying entities registered for federal awards government-wide in the [System for Award Management](#) (SAM). [The UEI is a 12-character alpha-numeric value.](#) Once issued, your entity's SAM UEI will not change. All DUNS numbers will be removed from SAM after April 4, 2022.

Users will need their SAM UEI to search for entity registrations. If your entity is registered in SAM.gov today, it has already been assigned a UEI and you can view it in SAM. SAM registration will continue to require annual renewal.

This change simplifies the process of registering an organization to do business with the federal government. Entities will no longer need to contact a third party to obtain an identification number or get support.

As a reminder, JustGrants uses [SAM](#) as the primary source of agency information in applying for and managing DOJ grant funding. In JustGrants, an award recipient organization is called an "entity," and information in an entity's SAM account is automatically updated in JustGrants. JustGrants automatically pulls entity information from SAM, thereby reducing the burden on award recipients to manually update information across multiple systems, and helps DOJ validate information from recipients.
