About the Investment Summit

SelectUSA promotes and facilitates business investment by working with companies that want to establish U.S. operations and by partnering with U.S. economic development organizations to attract investment.

The SelectUSA Investment Summit is the premier venue for international investors of all sizes to find the right place, people, resources, and market they need to be successful in the United States.

Recognizing that the competitiveness and job-generating ability of a nation is determined by its desirability as a place for businesses to operate,

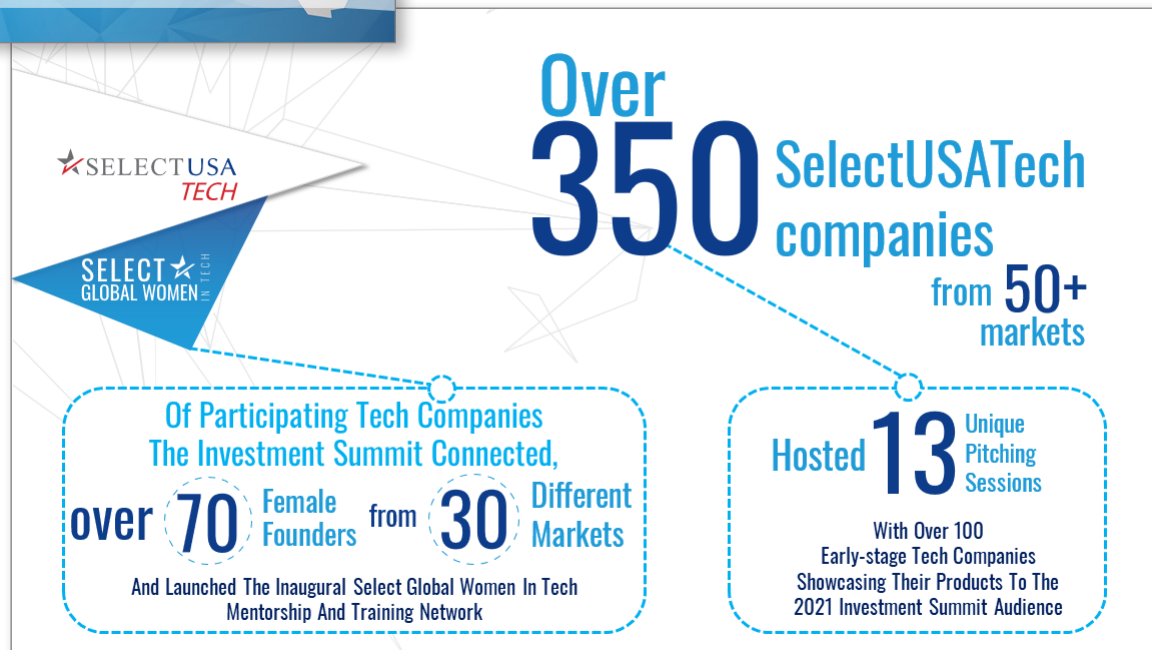

SelectUSA was created at the federal level to showcase the United States as the world's premier business location and to provide easy access to federal-level programs and services related to business investment. SelectUSA is designed to complement the activities of our states—the primary drivers of economic development in the United States.

The access that companies have at the Summit to the highest level of the federal government, plus all of the state and local agencies, for us it was an unparalleled opportunity to access all of the people in one place that we need to make our transition to the U.S. easier.
