

## Message from the President of Cyber Huntsville

On behalf of the Cyber Huntsville organization, thank you for attending this year's National Cyber Summit (NCS)! This year's NCS is poised to be the biggest and best yet. We realize that this result is due to your commitment to the cybersecurity industry, and your passion for identifying and developing solutions for the nation's most serious cybersecurity issues. This commitment and passion are what drives our community to come together in the face of adversity, and what makes the annual NCS conference so special. As President of the Cyber Huntsville organization, we are proud to be the primary sponsor for this year's event.

For those of you wondering what the Cyber Huntsville organization is all about, we are a 501c-6 (not-for-profit) organization that brings together industry leaders from the government, industry, and academic arenas to help solve the most pressing cybersecurity challenges for our community and for the nation. Our goals are to drive economic growth and advancement through industry collaboration and engagement, increase and promote the cyber workforce and the next generation of "cyber warriors", and to drive innovation by seeding new ideas for future cybersecurity technologies and solutions. We represent hundreds of our member organizations and thousands of individuals who seek to inform the evolution of cybersecurity. We are proud to have created a cyber center of excellence for our local community and continue to help fuel its continued growth.

The Cyber Huntsville organization is open to everyone and all organizations, so we highly encourage you to get involved. We welcome and encourage all companies to join our organization and to participate in exciting future events like our upcoming "Cyber Gala", simulated Cyber Test and Exercises, Job Fairs, as well as access to world class cyber luminaries and companies and organizations.

We look forward to meeting you. Please enjoy your time at NCS and thank you for your efforts to help solve today's and tomorrow's cyber challenges!

Cheers,

A handwritten signature in black ink, appearing to be 'JM'.

Jamie Miller  
Cyber Huntsville President
